Introduction

Zimbabwe Posts (Private) Limited hereinafter referred to as Zimpost is the leading postal, communications and financial services provider in Zimbabwe. The company has an unrivalled network of over 226 outlets, mandated to provide postal services throughout the country.

Zimpost is committed to providing excellent customer care by creating long term business relationships with its clients and other stakeholders.

This Charter sets out the service standards that Zimpost's clients and the general public should expect when dealing with the company and its staff. It also specifies a variety of products and services that are offered throughout the Zimpost network. The company endeavors to provide clients with affordable range of products and services in line with technological trends.

The company also strives to acquire ISO certification to ensure standardization of procedures and attainment of international best practice.

1. BACKGROUND

Upon the unbundling of the Postal and Telecommunications Corporation (P.T.C.) Zimbabwe Posts (Zimpost) was set up as a 100% Government owned company. While the market has embraced the name Zimpost, this charter is an effort to clearly outline the values that guide this company in its pursuit of quality service and commercial viability.

2. PURPOSE OF THE SERVICE CHARTER

2.1 This Service Charter seeks to state the standards of service that customers can expect from Zimpost. It;

2.2 Defines who Zimpost is, in terms of the Posts and Telecommunications Act, 2000.

2.3 Articulates Zimpost's Vision and Mission Statement.

2.4 Spells out Zimpost's commitment to quality service, in terms of speed, reliability, accessibility and efficiency. Customer service excellence and competitiveness in terms of innovativeness in products offerings, is also articulated.

The Service Charter also depicts Zimpost's commitment to continuous improvement through extensive staff training investment in technology and infrastructural developments.

2.5 The Charter also communicates to all stakeholders, the range of products and services offered by Zimpost and the business operating hours.

2.6 Promises a commitment to meeting high service standards in delivery times and customer waiting times.

2.7 Stipulates the value that Zimpost attaches to customer comments and suggestions, in the context of organizational policies and service improvements.

2.8 The charter also states the address and contact details of the company's head office and regional offices, including the toll free numbers, email address and website address, Facebook and Twitter accounts.

3. BUSINESS IMPLICATIONS

3.1 Financially, the **SERVICE CHARTER** will be supported, through allocation of key resources, to realize the promised standards.

3.2 The Service Charter creates an opportunity to enhance corporate awareness and customer loyalty.

3.3 The Service Charter instills a culture for attainment of high quality service standards and discipline, to measure-up to promises made.

3.4 The Service Charter will inspire Zimpost staff to achieve set standards and the required service excellence.

3.5 The Service Charter will positively impact on market confidence in Zimpost.

About Zimpost

Zimbabwe Posts (Private) Limited, trading as Zimpost is a postal company which was born from the unbundling of the Posts and Telecommunications Corporation (PTC), and it is incorporated as a public body in terms of the Posts and Telecommunications Act [Chapter 12:05] of 2000. It is a commercial company wholly owned by the Government of Zimbabwe, whose mandate is to provide postal services throughout the country for the benefit of all people in different parts of the country.

PRODUCTS AND SERVICES

1. MAILING SERVICES

Zimpost operates a network of over 225 postal outlets comprising of fully fledged post offices, off-counters, sub-post offices, postal agents and mobile post offices. All these postal outlets offer a complete range of postal services.

Zimpost has also issued stamp vendor licenses to businesses to sell postage stamps, registered envelopes etc. for a commission and these form part of the network.

Zimpost operates Post bus service that facilitates the prompt delivery of mail while providing transportation to passengers.

1.1. Letters

Mailing services provided by Zimpost encompass both domestic and international mail.

Various forms of letters are delivered in the postal system to facilitate communication between various stakeholders. These include;

- Business-to-Business Communication
- Business – to – Customer
- Customer – to – Business and;
- Personal communication

Mailing services provide a mode of communication within Zimbabwe and within the rest of the world. Mail delivery standards for domestic mail are as follows:

- Within Major Urban Areas - 2 days (90%)

- Urban to Urban - 2 days (90%)
- Urban to Rural - 3 days (90%)
- Rural to Rural - 4 days (90%)

For international mail, the mode of transportation determines the speed and the postage rate. Airmail letters take much shorter transmission time than surface mail letters.

Necessary attributes for letters when posting

- A letter should bear the name of the addressee and his/her full address. It is advisable to include the name of the sender and his/her address at the back of the letter, in case the letter is not deliverable for one reason or another, then it will be returned to the sender without delay.
- Stamps should be pasted at the top right- hand corner of the envelope or wrapper, to facilitate easier cancellation.
- The contents of a letter should be **documents only of weight of up to 2kg**. Anything else will be treated as a Parcel.

1.2. Postcards

A postcard is a card posted without being folded, or cut, or altered in any way, or enclosed in a wrapper or in an envelope.

1.3. Newspapers

It is a publication which is printed and published in Zimbabwe (at least monthly) and has been registered at the GPO as a newspaper.

The newspaper is registered and distributed through the post office.

1.4. Printed matter/magazine

Printed matter consists of reproductions on materials commonly used in printing, produced in several identical copies by means of a mechanical or photographic process.

Magazines are periodicals and books which can also be distributed through the Post.

1.5. Literature for the blind

Articles consisting of periodicals, books and papers for use by the blind attract no postage if sent by surface mail from institution to institution.

However, a printed matter postage rate is applied for articles transmitted by Air.

1.6. Library Books

Library books may be sent within Zimbabwe between subscriber and a lending library at a special postage rate. Covers of packets containing library books should be clearly marked 'Library Books'.

1.7. Aerogramme

An aerogramme is a two-in-one product. It serves both as an envelope and a writing pad. The aerogramme is classified as printed matter, and attracts economic rates of postage.

1.8. Poste Restante

This is when customers obtain mail over a counter, from any Post Office. The service is designed primarily to cater for travelers who may have no permanent address in a town. Letters are kept at the disposal of the addressee for 2 months, Parcels for a month, and Cash on Delivery (COD) parcels for 21 days. Thereafter, they are sent to our Returned Letter Office (RLO) or back to the sender if the sender's address is available.

1.9. Posting boxes

A post box is the receptacle of postal articles for transmission by the post office. Zimpost operates a network of posting boxes. The boxes are situated at sites that provide convenience and reduce distances to be covered for purposes of posting letters.

1.10. Private letter Box

Private letter boxes are situated at Post Offices or at shopping centers, etc. as satellite or stand-alone units. Members of the public and companies rent private boxes at post offices through which they may collect mail at any time of the day.

This service provides:

- Ultimate solution to people who occasionally change residential addresses as this private box address can be maintained for as long as the renter desires.
- Security and confidentiality, since access of letters is limited to the key holder.
- Mail recipient can retrieve letters at their convenience.

Corporates have found this service to be convenient as their staff can retrieve their mail at specific times to fit in with the organization's programs.

1.11. Private Bag Service

The service was designed for corporate clients who receive huge volumes of mail and people in rural areas such as farms where street delivery services are not provided. The bag addresses are inexhaustible at any given post office.

The service is normally preferred by schools, hospitals, mines and Corporates who are keen to have their mail from the post office received by designated officers at their premises. This ensures maximum security of mail when it moves from the post office to the private bag renter.

1.12. Mail Room Management Services

Mail room Management Services is a facility specifically designed to cater for the mailing needs of corporate clients. It is a service where Zimpost receives printed statements from corporate clients and processes them at either Zimpost premises or the client's premises. The pre-posting preparation process involves detaching, folding, enveloping, sticking labels and sorting of statements for delivery. This facility can be used by everyone including banks, credit stores, and advertising agencies.

1.13. Business Reply Service

This is a promotional activity where companies enclose return addressed envelopes into their clients' mail with the payment for the postage stamps done by the promoting company. This facility is pre-registered upon payment of a license fee.

1.14. Postage Paid In Cash (PPIC)

This product allows posting of at least 100 letters without use of postage stamps. The articles posted can be composed of articles of different classes, i.e. ordinary letters, newspapers, printed matter, postcards etc. The letters are handed in at a post office counter and a receipt obtained for the prepayment of postage.

1.15. Franking Machine Service

The franking service allows corporate clients to process their letters in-house. The franking machine automatically prints the value of the postage and the date on the envelope. It is a fast and convenient alternative to buying and affixing postage by hand. Franking machines are a contractual service, whereby corporate clients purchase postage in advance from time to time at a specified post office, where the franking machine is presented for registering and meter setting.

1.16. Registered Letters

Registered letters are postal articles that need special care and proof of delivery. This is the recommended product for transmitting valuable items such as Birth Certificates, Insurance Policies, Passports, Business contracts etc. Articles intended for registration are required to be handed in over the counter and a registration receipt obtained for each item handed in. where cash is posted through registered mail, customers are requested to have their registered articles sealed in front of the accepting counter clerk who should witness the declared value of the contents enclosed in his/her presence.

Registered letters can also be insured. The insurance charge depends upon the insured value and is prepaid in addition to the normal postage for the item. Insured registered letter service is provided locally and to selected international destinations.

The benefits of registered and/or insured letters are:-

- Provision of track and trace facilities
- Full loss recovery

1.17. Stamp Vendors

Stamp vendors are individuals, organizations or companies that sell stamps on behalf of Zimpost, at a commission. Stamp vending is a contractual service and licenses are available at local post offices.

1.18. International Reply Coupons

Any person who wishes to obtain a reply from a client, friend, relative etc. residing outside Zimbabwe can utilize the International Reply Coupon (IRC) for payment of postage.

1.19. Free Post / Entries Gathering

The product seeks to assist companies that engage in Sales promotions and Market Surveys to boost their responses. This allows corporate customers to get their promotion entries using all Zimpost outlets and posting boxes. Under this facility, Zimpost provides one central address where all corporate customers' promotional entries and survey responses are forwarded, sorted and delivered to specified locations.

2. PARCELS

2.1. Ordinary Parcel Services

Parcels can be defined in two ways, i.e., as postal articles that weighs between 2kg and 30kg or any non-document postal articles that weigh up to 30kg.

Ordinary parcel service is provided both locally and to all international destinations.

- **Domestic Service**

This service caters for local parcels transfer between all major centers with delivery time windows of between 2 days and 4 days as per the letters schedule.

- **International Parcel Services**

International parcels are classified into two categories, i.e. Airmail and Surface parcels. The speed of transmission is faster for airmail parcels and slower for surface parcels, though surface parcels are more economic in postage rates.

- **Insured Parcels**

Parcels can be insured against loss for both local and selected international destinations. The service also offers track and trace facilities.

All international parcels are bar coded to allow for electronic tracking and tracing which can be done through the Zimpost website.

3. COMMUNICATION CENTERS

Communication centers offer 'One-Stop-Shop' facilities that are availed for the benefit of postal customers. These include internet browsing and email services, photocopying and printing services, gaming, WIFI, faxing and other traditional postal products and services.

The communication center at Harare Main post office was developed as a pilot project and similar infrastructure has been established at all the major postal outlets. Community Information Centres (CICs) have also been established at Murombedzi, Maphisa, Mutoko, Mpandawana, Rusape, Mubaira and Epworth Post Offices.

Arrangements are underway to put up similar infrastructure at other centers throughout the postal network.

4. ADVERTISING

SERVICES Direct Mail

Zimpost is able to deliver un-addressed and addressed promotional materials, which can be in the form of fliers, brochures, pamphlets, etc. to private boxes and street addresses at affordable rates. Direct Mail is a selling method, promotional and research medium. Zimpost visits 700 000 addresses, six days in a week.

Advertising Space

Advertisers can place their framed adverts within the postal halls in Zimpost outlets throughout the country. Advertising space is also available on Zimpost building walls, both internally and externally and on state-of-the-art posting boxes. Zimpost delivery network cuts across all income groups, which enables advertisers to strategically position adverts in a suitably located post office of their choice. Our customer traffic figures are in excess of 2 million a month.

Posting Box Advertising

The posting box network is an excess of 3000 countrywide and they offer an alternative advertising medium.

6.6. PHILATELY SERVICES

- **The Hobby**

Philately is the hobby of collecting and keeping stamps. These stamps could either be collected from a used envelope, or fresh from the Philatelic Bureau or the local post office. Philatelic stamps can be provided either as mint (without a postal mark) or cancelled (with a postal mark).

Why collect stamps

Philatelists collect stamps for following reasons:

- The hobby is profitable
- Educative
- Informative
- Intrinsic value
- Leisure, and
- Stamp collection provides employment opportunities

Profitable

When stamps are withdrawn, their face value appreciates. The Penny Black is the most famous stamp, because it was the first adhesive stamp produced in the world, (Britain 1840), however, it's not the most rarest or valuable stamp. The most valuable stamp arguably, is a 1 cent stamp issued in British Guiana in 1853, which is valued at about 500 000 pounds.

Educative

Because all stamps have relevant literature to explain the pictures depicted on them, stamps are sources of information for students.

Informative

One can trace the history of any country, using that country's stamps.

Career Opportunities

There are some people making a living out of stamps. Some of them are stamp designers, stamp journalists, stamp dealers and postal staff.

Intrinsic value

Stamp collecting gives inner satisfaction, which is different from collector to collector.

Leisure

Stamp collection provides a pleasant pastime.

TYPES OF STAMPS

- **Definitive Stamps**

These are stamps issued to celebrate the development of a country through such themes as industry and commerce and natural resources and any other developmental issues. They depict the resources that a country possesses for example buildings that are considered important in the development of a country, National Monuments, Animals and Birds and important economic activities such as agriculture.

- **Commemorative Stamps**

These are issued to celebrate outstanding events, personalities and natural endowments a country enjoys.
